Fulfills New Mexico Requirement for Initial Licensure

In the state of New Mexico cultural awareness/competence training is required of all social workers who have not previously received licensing board approved training, or completed an approved course in sociocultural concepts consistent with Social Work Licensing Board guidelines.

This workshop will provide training in relation to intervention with specific licensing board designated populations that reside in the state of New Mexico. As a part of this training, you as a participant, will be expected to read two books that focus on New Mexico cultures. You will be required to participate in a discussion of material from both books. Therefore, it is important that you arrive prepared to discuss the material you have read. You will also be required to complete a brief, four question reaction paper related to the readings.
